Ouachita Technical College Loan Policy

1. All students must do entrance counseling and complete the required documents for the school before any loan disbursements will be made. Instructions for completing this process can be found below.
2. The school can refuse to certify a loan application, or can certify a loan for an amount less than you would otherwise be eligible for, if the school documents the reason for its action and explains the reasons to you in writing. The decision of the school is final and cannot be appealed to the U.S. Department of Education.
3. Loan limits are **\$3500** per academic year for full time students at freshman standing and **\$4500** per academic year for full time students who have successfully completed 30 hours of college level courses at the institution. Part time students must be enrolled in a minimum of six credits hours to qualify for one half of these loan limits.
4. Transfer students who have borrowed at their previous institution may have exceeded the allowable total loan limit for a two-year college. Please see the Financial Aid Office for eligibility.
5. Loan checks will **NOT** be disbursed until 30 days after the start of classes for first time entering students.
6. Students must maintain satisfactory academic progress and are provided with a written copy. Transfer students must have a 2.00 GPA at their previous institution to obtain a loan at Ouachita Technical College.
7. Loans will **NOT** be certified for any student who has previously defaulted on a student loan.
8. Loans will **NOT** be certified for students requiring more than nine hours of basic skills courses to reach college level.

Interest Rates on Student Loans

For Federal Stafford Loans, effective July 1, 2009, the interest rate for new loans will be 6.8%.
